Our 27th Year.....

From The Instructor's Desk

I hope this summer finds you healthy, employed and happy. Activity seems to be picking up compared to last year and that's good for everyone. Good news is most prices are as good as, if not better than, last year. Our home study courses are gaining popularity with everyone's busy schedules and I look forward to helping you learn to enjoy the world of scuba diving.

Classes

We are now booking classes for the season. Give me a call or email me and we will work out a schedule for you. Home study is now an option for the busy person and is getting quite popular. We can set up an appointment and let you try scuba diving to see if you like it first so you'll know before you spend any money.

Dive Gear

I've got new gear to build you a package deal you can't refuse. Dive bags up to 70% off, T shirts 40% off, other items priced to sell. Lowering inventory means you save BIG! As I am lowering stock on hand, I intend to offer Special Order dive gear at better than Internet prices.

Equipment Check Up

Don't wait until the last minute to get your gear serviced or you may be sorry, especially if you are going on a trip. Remember we offer the best prices and all our service work is guaranteed for one year.

And Lastly

Remember every 6th airfill is FREE and we apply annual tank inspections toward the free fill even though you get a free fill with your inspection.

We are running a special on private lessons in case you have a schedule problem and can't make regular classes or would just rather learn one on one.

The weather is hot and the water is cool so come and join us. Have a fun-filled and safe summer.

Steve
